Sub: Dictatorship in working & crushing of human rights on the name of development in the SSA by some senior officers.

Respected Sir,

We are sorry to observe that now days slowly-slowly a dictatorship is superseding the behaviour of some senior officers (some DGMs / AMs). They treat their subordinates like slaves. As a disciplined soldier, subordinate officers are tolerating all these, hoping that one day things will be normal. But the things are not stopping at all and gradually being intolerable. In other words human rights are being crushed. There is no meaning of sincerity & workmanship. Instead of reward a sincere and worker officer shouted on every lapse which is occurred by the limitations of human capability. These officers do all that just to prove their administrative capabilities. They don't have any solutions for a problem; they don't have any support to extend to the subordinates. Their working is limited up to some phone call & office chair. They are always tension free while the officer working under them are always in depression.

The matter has been brought to your kind notice many times indicatively but result was null. We are again hopeful that action will be taken in a positive direction to make the things normal. We again request your kind honour that dictatorship and rude behaviour will not be tolerated at any cost. We therefore request to you kindly grant a meeting immediately to resolve the issue to avoid any abnormal situation.

I am thankful to others such officers who still believe in humanity, constructive attitude and family like working.

With kind regards,

Yours sincerely
